

EPMagazine was born in 2002, and it is an educational-scientific magazine made jointly by students of European high schools and universities. **EPM** publish articles about

History of Science and Technology
&
Technology for Green Energy

EPM is not a magazine only, but it mainly is a way to find new friends and perform new educational experiences.

Learn how to write articles, talk and improve European languages. If you wish to meet and/or co-operate with us, contact epmagazine.it@gmail.com
